

Recruit an international trainee

IAESTE
CZECH REPUBLIC

Join our free program, increase your team capacity and welcome fresh talent into your company. It will help you to realize projects when you are running out of time.

Who we are

We are IAESTE, an international non-profit organization. We are active **at 8 universities** in the Czech Republic and we have **more than 120 members**. Thanks to our international exchange program, we are effectively connecting companies with trainees from more than 1000 universities in 80+ countries. We focus especially on technical university students.

Join more than 2000+ employers who have participated in our program.

IAESTE in numbers:

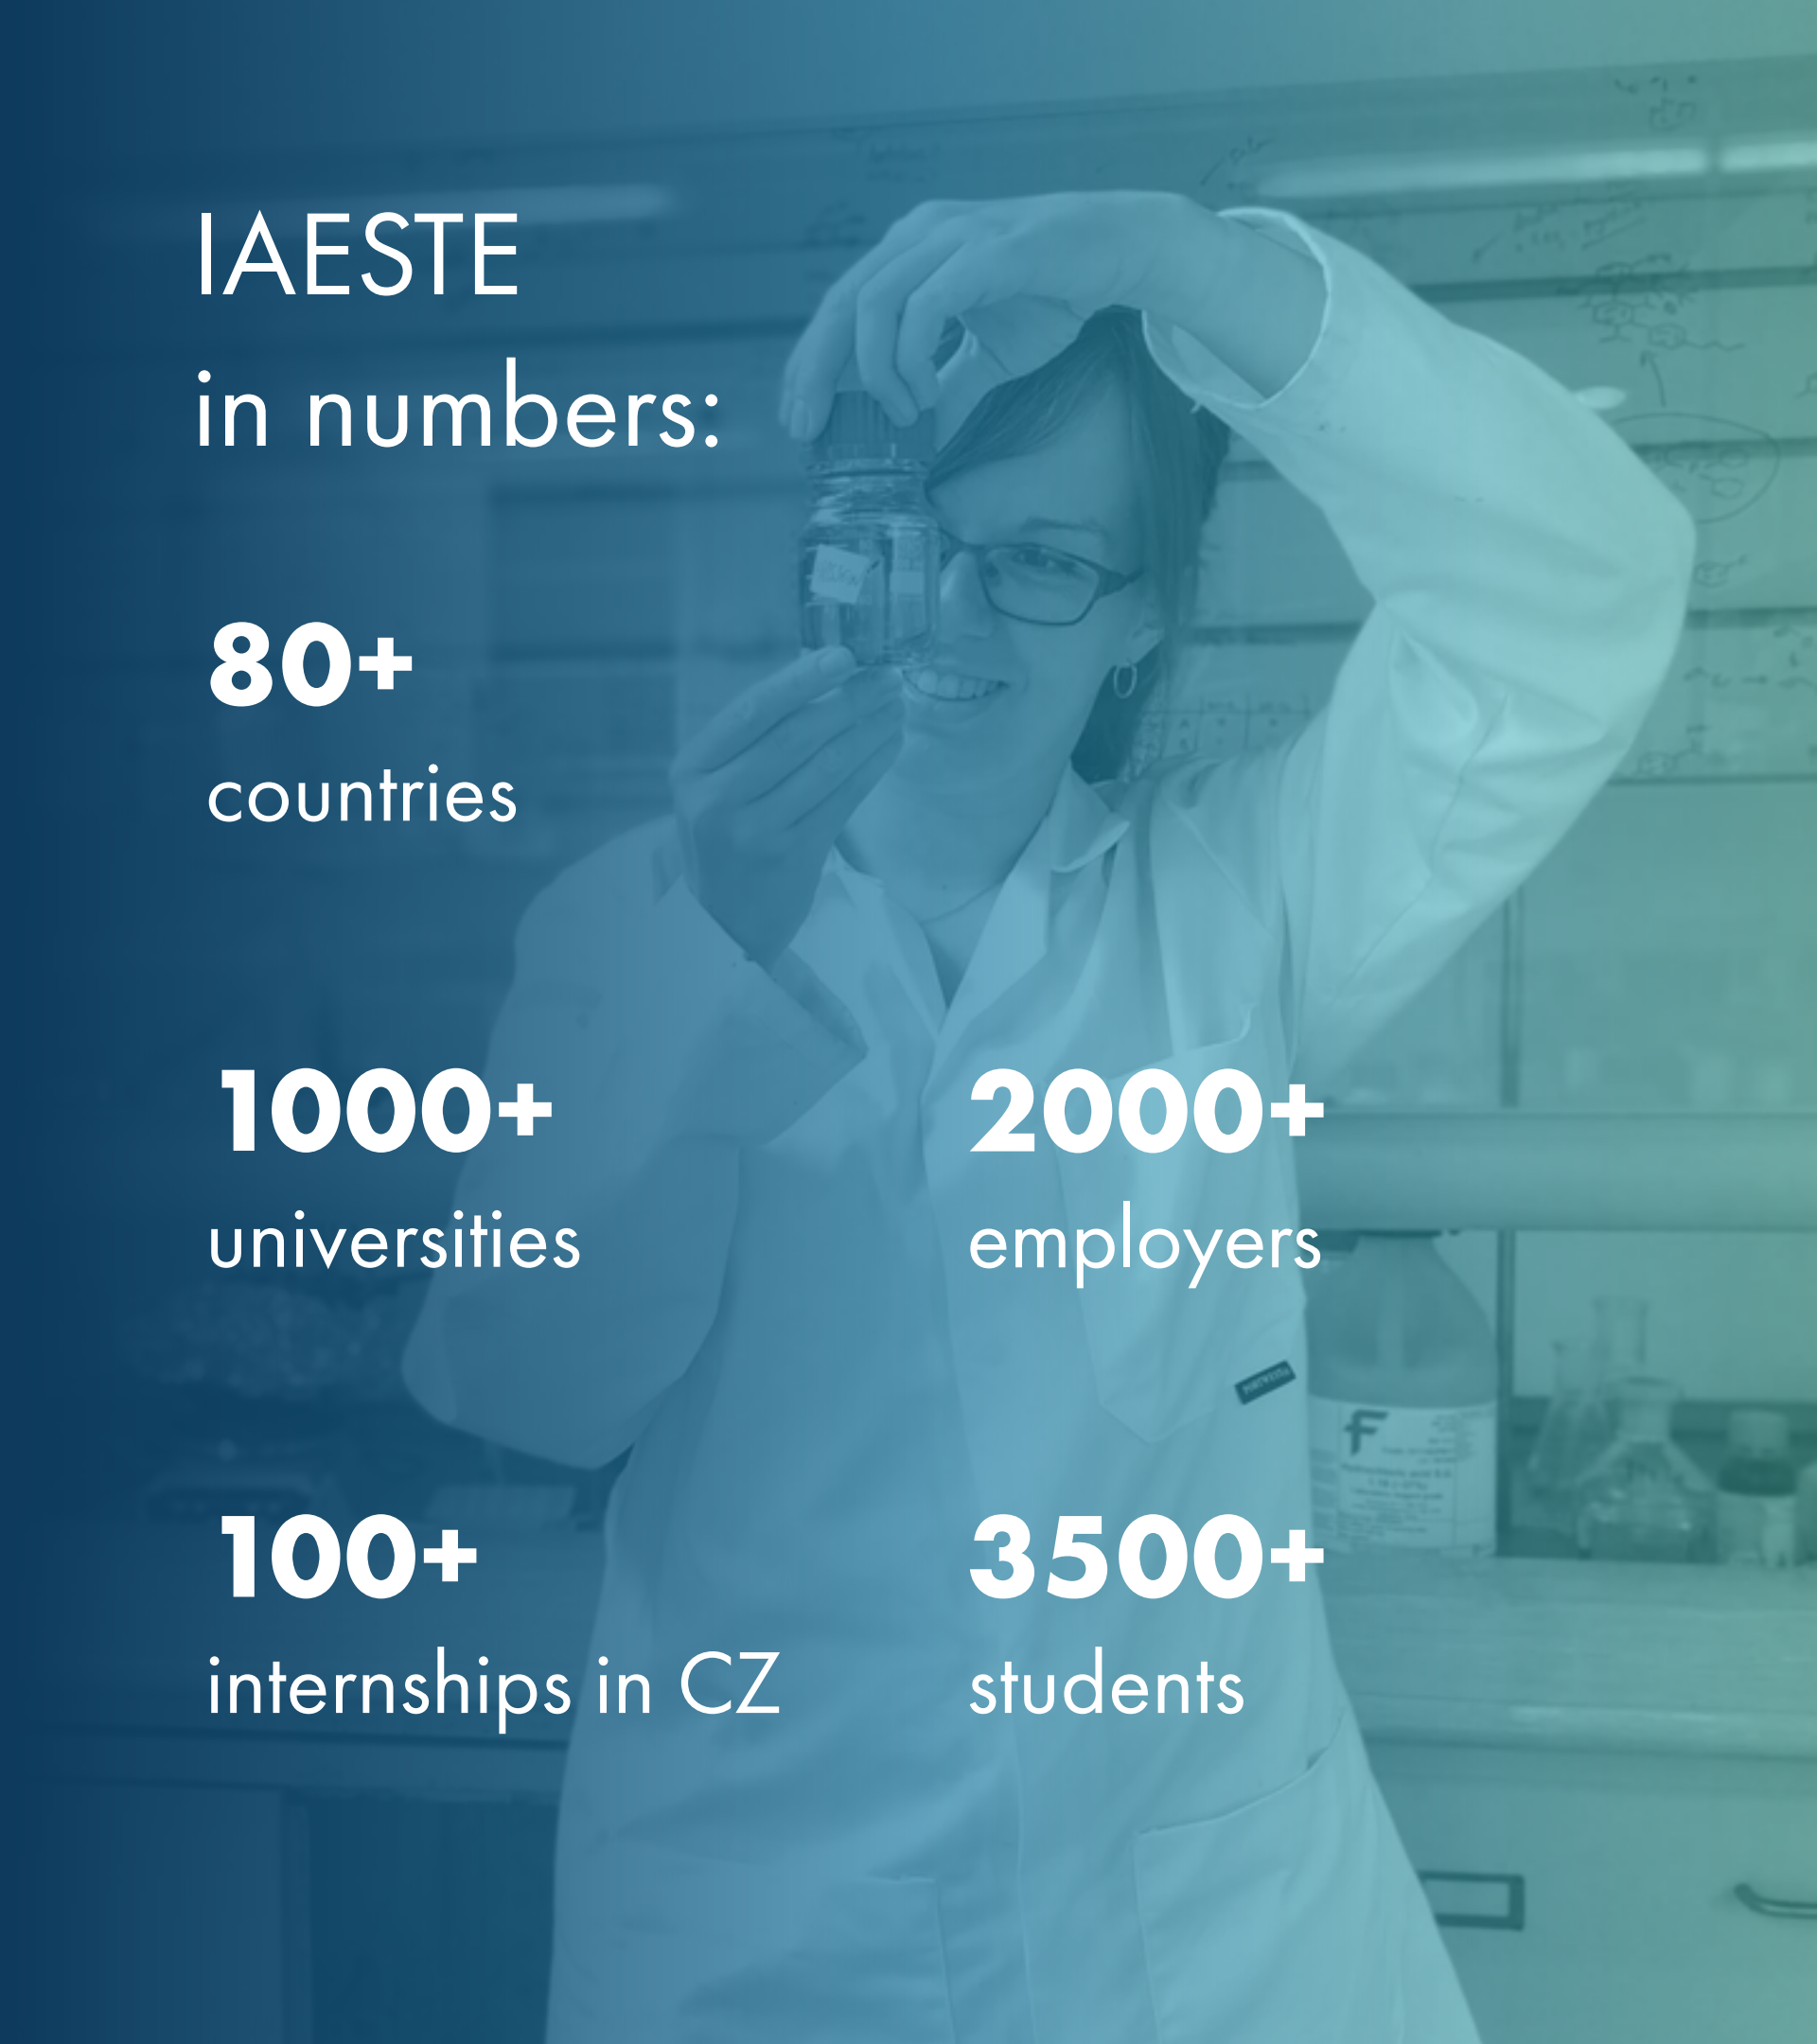

80+
countries

1000+
universities

100+
internships in CZ

2000+
employers

3500+
students

Why to employ a trainee

To welcome a fresh talent

Our trainees are looking for personal development and new experiences and they are highly motivated.

To access the world

The trainee will enhance your cultural awareness and your employees will be able to practice their English.

Everything is adaptable

You can specify the duration and desired period of the internship based on your company's actual requirements and needs.

Capacity increase

You will be able to realize new projects beyond actual time possibilities. You do not pay extra fees.

No fees

IAESTE services are free of charge, you pay just the student's cost of living. Thanks to MEYS accreditation, you are not obliged to pay life and work insurance.

How to recruit a trainee

It is easy. You just fill in our form in which you will state what kind of knowledge and experience the trainee should have. You do not have to worry about anything else.

We offer to you these services for free:

- Arrangement of accommodation for students
- Help during the visa process and getting work permits
- Picking-up the trainee at the airport
- Assistance with paperwork and program administration
- Organization of trips and other activities for trainees

Companies and institutions we have been helping to recruit trainees:

Step by step: How does it work?

EMPLOYER

1. You will provide an internship and specify your requirements (field of study, study year, language).

3. You will opt for your desired student based on documents submitted and Skype interviews.

5. The trainee will do the internship as agreed and you will pay his/her cost of living in the Czech Republic.

IAESTE

2. Your provided internship will be offered to foreign country representatives. We choose a candidate who meets your requirements.

4. We will help trainees obtain a visa, we will arrange his/her accommodation, pick him/her up at the airport and we will accompany trainees to work.

6. We will provide the culture and entertainment program for trainees.

IAESTE internships experience

ALPS

ALPS Electric Czech

„We were really impressed by the professional approach and students' interest. We found out that this type of internship was also beneficial for our company. It is a good opportunity for students to discover the different lifestyle and work ethics all around the world”

ALPs Electric has employed more than 20 IAESTE trainees.

INR CAS in Řež

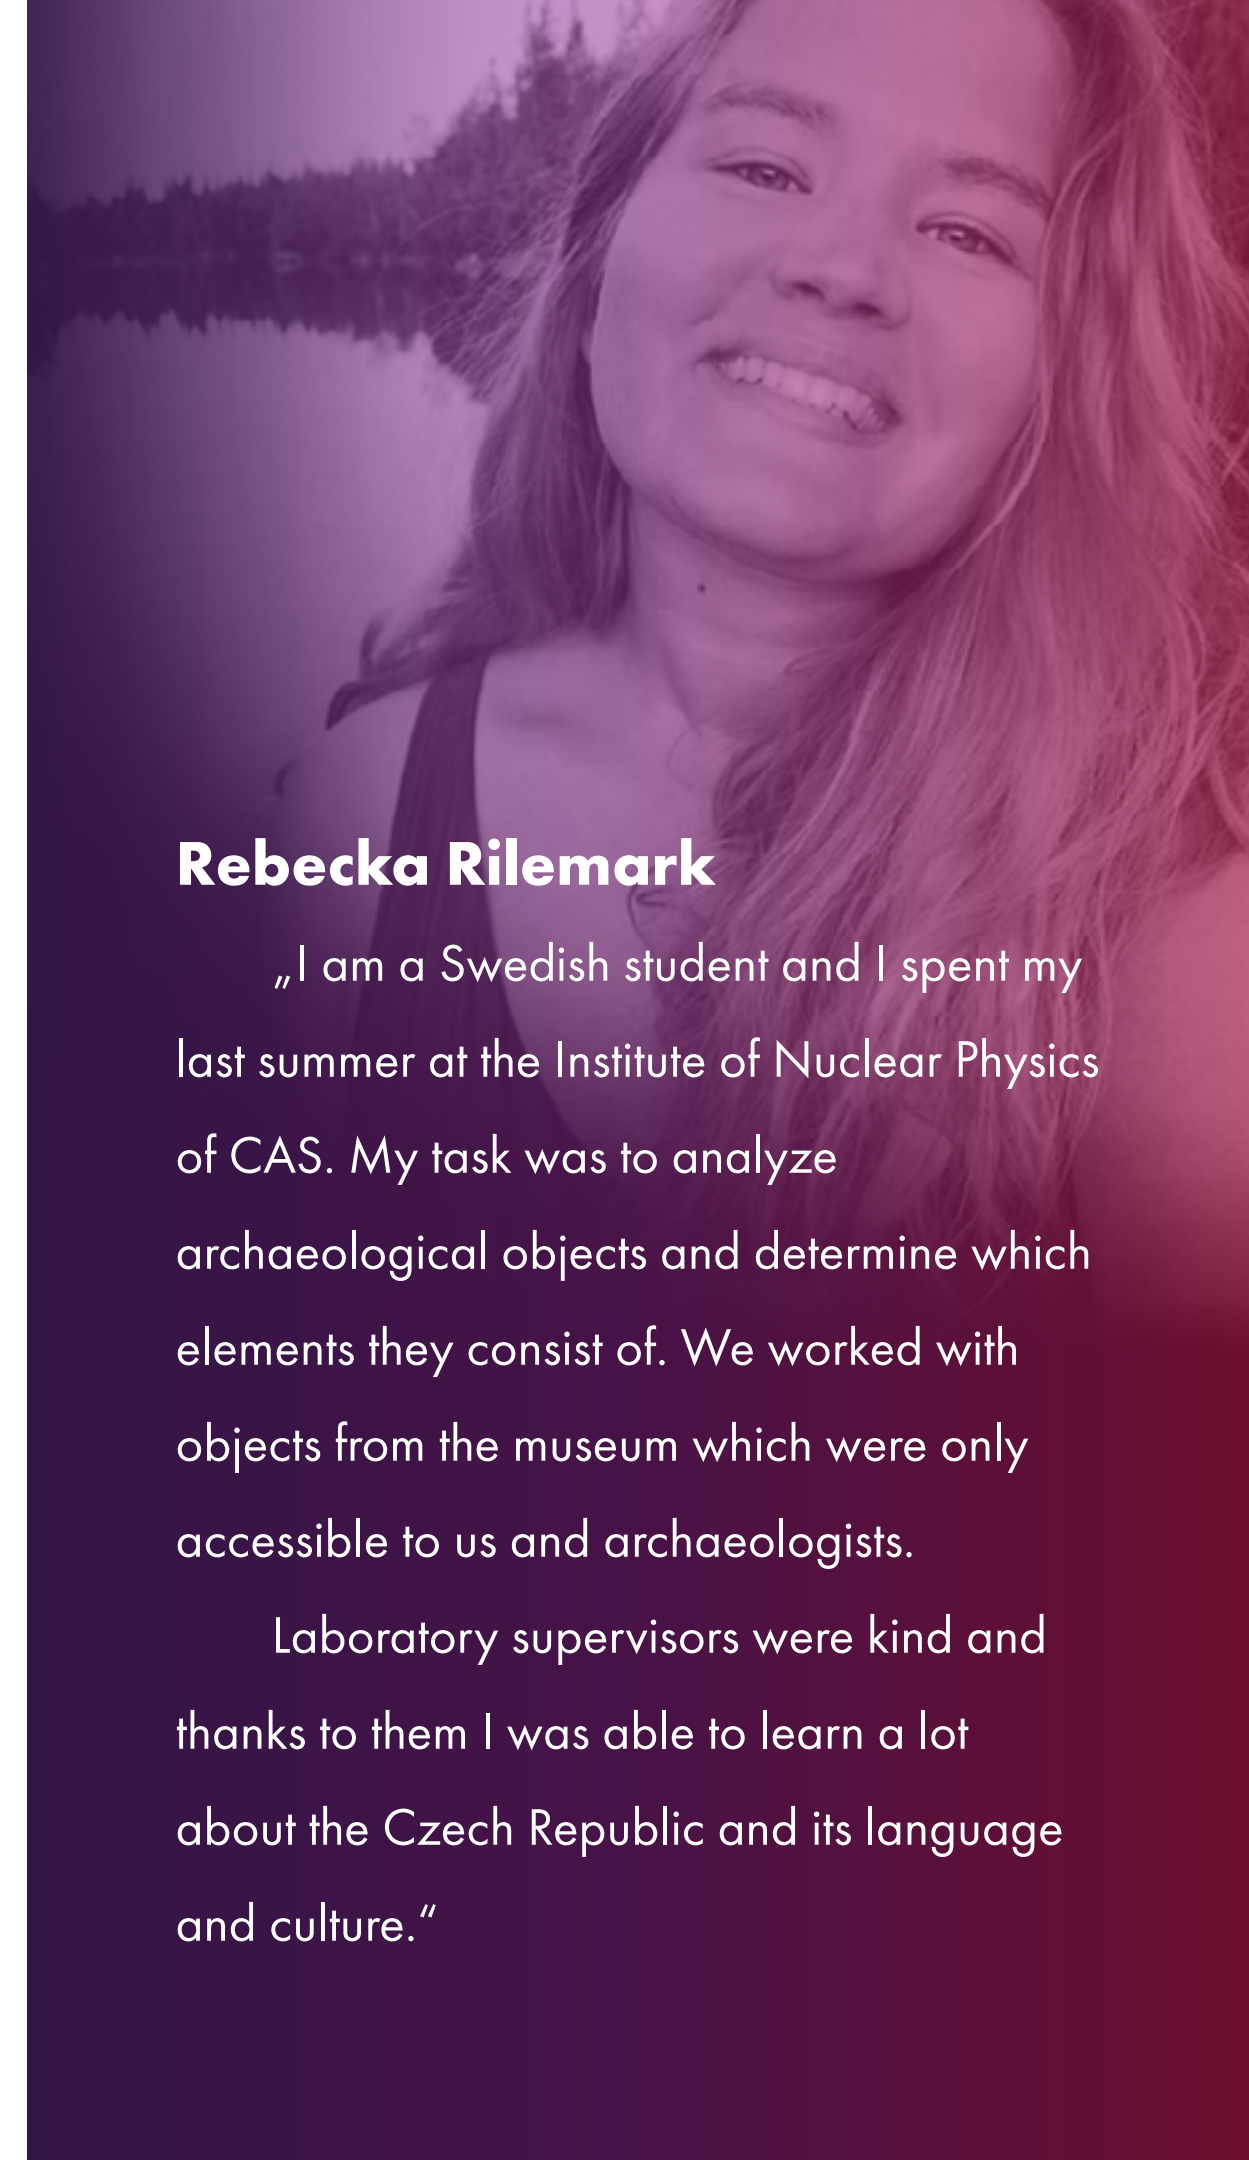

„In the beginning, the student is acquainted with our work. After that, they work on specific tasks using nuclear methods. All internships have been successful. For example, Mitja Majerle, former Slovenian trainee, decided finally to do his Ph.D. studies in Czechia and today he leads a scientific group that focuses on the reactions of neutrons at our institute.”

Institute of Nuclear Physics has been collaborating with IAESTE since 1996.

Rebecka Rilemark

„I am a Swedish student and I spent my last summer at the Institute of Nuclear Physics of CAS. My task was to analyze archaeological objects and determine which elements they consist of. We worked with objects from the museum which were only accessible to us and archaeologists.

Laboratory supervisors were kind and thanks to them I was able to learn a lot about the Czech Republic and its language and culture.”

**Benefit from the potential
of international students
in your company.
We are here for you.**
